Objective

Enthusiastic and highly motivated 3rd-year Computer Science and Engineering student with a passion for web development. Skilled in HTML, CSS, JavaScript, and React. Seeking a challenging role to apply my web development skills and contribute to innovative projects.

Skills

Languages: HTML, CSS, JavaScript
Frameworks & Libraries: React, Node, Express
Version Control: Git, GitHub
Web Development: Responsive Web Design, RESTful APIs, AJAX, JSON
Tools: VS Code, Chrome Developer Tools
Databases: MySQL (Basic knowledge), MongoDB
Other: Problem-solving, Team Collaboration, Agile Methodology

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering at
 Sambalpur University Institute of Information Technology (SUIIT)
Year: 2023-2026(Continuing)

Diploma in Mechatronics
MSME TC DURG
CGPA: 9.2
Year : 2020 - 2023

Projects

1. Tic Tac Toe (React)

- Built an interactive Tic Tac Toe game using React.
- Utilized state management for tracking player moves and game status.
- Implemented win condition checks and reset functionality.
- Developed reusable components for the game interface.
- Focused on improving user experience with smooth interaction.

2. Weather Forecast (React)

- · Developed a weather forecast app using React and a public weather API.
- Integrated real-time weather data (temperature, humidity, conditions) based on user location.
- Designed a responsive and user-friendly interface.
- Included features like unit toggling for temperature and dynamic updates based on location.
- Applied error handling for API data fetching to ensure smooth operation.

Certifications

1. Blockchain and Machine Learning Applications (NWBMLA-2024):
   From: 29/02/2024   **To:** 02/03/2024

2. Full Stack Development 'Jan 24' (PW SKILLS)
   From: 24/01/2024   **To:** Continuing
